- ✓ Post-Natal Visits - \$0 Copay
- ✓ Ultrasounds¹ - \$50 copay towards MOOP²
- ✓ Labor & Delivery¹ - Deductible + 20% coinsurance

Additional Considerations

Choosing Your OBGYN

Your relationships are important, so you can continue seeing your current OBGYN, and we'll work to include them in our network. Just ensure you notify Redirect Health about all appointments.

Finding a Provider

If you don't have a current provider and you're looking for an OB or hospital, our care team can assist in connecting you with preferred providers within the Multiplan PHCS network.

Infertility Services

Although direct coverage for infertility treatments is not provided, we coordinate care to ensure you receive fair pricing for any related services.

Labs & Prescriptions

Any additional **labs** or **formulary** prescriptions may have an additional out-of-pocket (OOP) cost that can be applied to your MOOP². Non-formulary prescriptions are coordinated by the care team to find the lowest available cost.

All visits should be coordinated 48 hours in advance by Redirect Health to receive coverage and ensure a smooth care experience.

Baby On Board Program

It can take a lot of time and energy for expectant mothers and families to plan for a new baby. Redirect Health is there for you to ensure your experience is as smooth as possible with our Baby on Board Program.

- 1 Reach Out:** Notify us in the [Redirect Health Member App](#) about your pregnancy and schedule an initial virtual visit with one of our providers
- 2 Support Team:** You will be assigned a case manager that will be there for you and your baby during your entire pre and post pregnancy journey. They will help with all of the following:
 - ✓ Facilitate scheduling your prenatal visits with your preferred OBGYN
 - ✓ Let you know of any out-of-pocket costs you may be responsible for based on your plan benefits
 - ✓ Work with your preferred hospital to coordinate pre-payment for your labor and delivery according to your plan benefits
 - ✓ Help locate a pediatrician if you don't already have one and make sure your new baby's information is sent to their office for their first appointment
 - ✓ Follow-up after delivery to help answer any questions and see if you need any additional care for you or your baby
- 3 Update Plan:** Reach out to your employer to have your new baby added to your Redirect Health plan
